District Magistrate &
District Election Officer
North 24 Parganas

Scope of Work

1. Brief description of work with specifications

Online Data entry (in ERONET) in both vernacular & English language from Form 6, Form 7, Form 8, Form 8A for inclusion, deletion and modification of electors including two sets of checklists printing and related master data entry of Enquiry Officer, appointment of Enquiry Officer, Approval and Rejection under ERO's module and Control Table Correction in the Photo Electoral Rolls to be done. All related works of ERO net is to be done from the respective Sub-Divisions / Block Office as directed by DEO/ADM(Election)/SDO/ERO within the District of North 24 Parganas. Laser printing of lists for Approved/Rejected and two sets of checklists at specified locations as directed by the authority shall also be done. This work includes updating of entered data as per corrected checklists along with approved/rejected list at designated location provided by the authority.

In connection with preparation of EPIC, the job comprises of obtaining a clear passport size photograph from the Application Form during the summary revision and/or continuous updation process, carrying out updation in the Photo Electoral Roll based on settlement of claims and objections received after publication of integrated and consolidated draft Photo Electoral Roll. The work includes correction of address of electors as described into the forms like Form 6, Form 8, Form 8A and printing of checklist of EPIC at designated location provided by DEO/ADM(Election)/SDO/ERO.

During Summary Revision of Photo Electoral Rolls, the above-mentioned works shall have to be done from Sub Division / Block Offices/ such other offices as directed by the authority following the schedule of ECI / CEO, West Bengal / Authority.

During continuous Updation period, the said work shall have to be done from Permanent EPIC Centers at Sub Divisions round the year.

The job is to be performed as per the guidelines of Election Commission of India (ECI), instruction/specifications given in this tender and subsequent instructions issued/to be issued by ECI/CEO/DEO/ADM(Election)/ERO from time to time.

2. The process of generating EPICs and Printing of Photo Electoral Roll will involve the following operations:

- i. Scanning and uploading of ERO's signature in ERO's module.
- ii. Updation of electoral rolls during the summary revision or continuous updation and Printing of Checklist of electors whose entries are updated. Report generation of the list using relevant data and image details.
- iii. Online printing of EPIC (in EPIC module) for New/Lost/Correction sought by electors on **80 GSM white paper**.
- iv. Capturing of photographed images and Scanning of images of collected passport size photographs into computers.
- v. Editing of data (including alternation if any in other entries), at the time of processing on the card format.
- vi. Printing of Checklist of electors whose entries are updated and newly entered during the summary revision or continuous updation and of dispute/new electors photographed during the campaign.
- vii. Incorporating corrections after verification of checklist by BLO/designated Government official.
- viii. Printing of error free EPIC cards.
- ix. Cutting of Printed cards to proper sizes.
- x. Fixing of holograms and entering the hologram numbers in the database through the application.
- xi. Lamination of cards using Lamination pouch of **not less than 175 micron thickness**.
- xii. Handing over of cards to designated Govt. official and obtaining acknowledgement.
- xiii. Data Entry from several Forms of special summary revision and continuous updation and generate checklists. Report generation by using relevant data.
- xiv. Taking proper back up of the images.
- xv. MIS report generation by using relevant data.

3. Preparation of EPIC :-

The Elector's Photo Identity Card (EPIC) shall be prepared using the standard software online, which may be supplied/approved by the ECI/CEO/SLA. The entries in the EPIC shall be printed both in vernacular as well as English. Since the data i.e., names, addresses etc. shall be available in vernacular in the original database, the agency may have to translate/enter the same in English, However, where applicant supplies data English, the same shall be entered correctly without any sort of customizations.

The EPIC shall be prepared with the following specifications:

A. Photography:

1. The EPICs shall be prepared either by collecting a passport size photograph from the elector/BLO / authorized Officer after due verification of the elector under the signature of BLO or by taking a digital photograph with a digital camera. The digital photograph image storage format shall be in Color JPEG (i.e. as per specifications of the Joint Photographic Experts Group) and images shall be stored in the computer Hard Disk with JPG Extension as per ECI guidelines.

3. The photography shall be done at PEC centres and door to door. The elector to be photographed shall be identified by the Govt. representative on the basis of Photo Electoral Roll available with him.

4. The photographs shall be a frontal view and shall be taken in the manner so as to maximize the area covering the face of the elector and has to be clear and distinct so that the concerned elector can be easily identified. In any case the area covered by the elector's face should be at least 75% of the area of the photograph, so that the features are clearly recognizable.

5. The resolution of input images shall not be less than 640X480 pixels & aspect ratio should be 4:3 in portrait mode.

6. The size of the photograph on EPICs should be of 32mm (Vertical) by 24mm (Horizontal). A variation in size of plus or minus 10% will be permissible. However, the relative proportion (Aspect ratio) of the photographs should not be changed under any circumstances.

7. Adequate care shall be taken in respect of illumination, background etc., to ensure good quality of coloured images in white background for acceptable legible printing on paper.

8. The disk space needed for the storage of one image shall not exceed 20 KB.

B. Data to be entered on the EPICs:

1. The EPIC shall be printed as per the Guidelines of Election Commission of India.

2. The actual name and address of the Electors in the EPIC as they have submitted in their claim forms both in English and vernacular has to be entered using the Data Entry & EPIC software subject to the approval from the authority.

3. The card shall be on milky white paper of thickness not less than 80 GSM of size. 5.0 cms horizontal and 8.0 cms vertical and the card shall be produced by single side printing on paper and folding the same before lamination. It will be the responsibility of the vendor to approve the quality of the paper to be used for printing EPICs from the competent authority. The applicable fee (if any) for approving the quality of paper will be borne by the vendor.

Specification Size : 5.0 cm X 8.4 cm,
Dimension of the Photograph : 2.4 cmX1.8 cm.
Resolution of the Photograph :320 X 240 pixels with 75% of the area of the photograph covered by full frontal face in a light background.

4. Following will be the minimum requirements in terms of hardware and software:-

- i. **Specification of Computer:** Intel Core i3or above system with minimum 500 GB HDD, 4 GB RAM and DVD/CD-writer with 15" colour monitor or above. (PC not laptop)
