The Scheme

1. Objective

In the wake of increasing need for instituting proper and timely treatment protocol by the medical profession for the benefit of the patients, strengthening of services with an extensive range of investigation and diagnostic facilities at the Government Health Facilities is becoming more and more important. The Department of Health & Family Welfare (DoHFW), GoWB has acknowledged this need and initiated measures to reinforce the investigation facilities in the State enabling access to a broad range of diagnostic services by the patients at affordable cost while keeping provision for the poor with free services for these investigations.

a. Access to advance diagnostic facilities at affordable cost is one of the important initiatives that DoHFW has undertaken for the benefit of the population at large. Already, DoHFW has implemented schemes for operation of CT scan, MRI scan units, Digital X ray, and Dialysis as well as laboratory services at various levels of Government hospitals from Medical colleges to district level hospitals under PPP. In some cases State of art high end diagnostic and investigation facilities has been developed by procurement and installation of modern equipment by the department of Health & Family Welfare run in PPP mode by O&M (Operation & Maintenance) partners. Several MRI,CT Scan centres as well as laboratory services including USG facilities have also been established in EOM (Establishment, Operations & Maintenance mode) where equipment as per standard specifications have been procured and installed by the private partners in built up ready to use space provided by the DoHFW.

- b. The Govt of West Bengal is committed to provide, affordable, accessible, sustainable, high quality essential health care for all with Special focus on the poor, mother child and elderly, and those living in underserved areas. One of the special focus areas is to decongest tertiary care hospitals and also reduce out-of-pocket expenditure for patients and provide quality super speciality health care near to their door steps particularly in remote, backward and border area districts.
- c. In this context the DoHFW, Government of West Bengal has decided to setup a 16 slice CT scan unit in the premises of **Dr. J.R. Dhar SDH, Bongaon, North 24 Parganas** considering the fact that theHospital/ Hospitals caters to a huge population of the adjacent areas where the above mentioned Hospital is one of the important Healthcare facility.

2. Salient Features of the Scheme

- a) The scheme is governed under a legal instrument — an agreement signed by the concerned hospital authorities with the Private Partners. The agreement is valid for eight years renewable thereafter for another term of two years based on performance appraisal and on mutual consent.
- b) The DoHFW, if it is so required, has the discretion to enter into a supplementary agreement with Private Partners incorporating certain new /amended clauses based on mutual consent of both parties. However the department will have the discretion not to issue further renewal of existing agreement if the PPP partners do not agree with the revised terms and conditions of supplementary agreement and the department shall be free to issue tender for selection of new Private partner prior to 60 days before expiry of existing agreement.
- c) The Private Service Provider need to communicate their intention for continuation of the agreement for another term at least six months prior to the end of the agreement to enable the DoHFW to initiate necessary actions in this respect in accordance with the provision of the existing agreement.
- d) The procurement of 16 slice CT Scan Machine with CAMC cost should be undertaken by the Private Service Provider (PSP). The specification of the equipment for 16 Slice CT Scan machine is determined by the Technical Committee formed by H&FW, GoWB. The Technical Specification of the 16 Slice CT Scan Machine as may be had from “**Technical Document**” of this Tender Document.
- e) There will be a two stage verification process for procurement and installation of the 16 slice CT Scan machine. Initially the selected vendor will upload copy of specifications of machines they intend to procure if selected as part of Technical BID documents which will be examined by the Tender Selection Committee in association with Technical experts and Bio-Medical engineers of the department. This will include documents related to total project cost .Only after clearance by the Tender Selection Committee and further departmental approval the Award of Contract will be provided and the private service provider will be allowed to procure the machine. Again finally after installation of the unit the Partner will request for final commissioning of the units under Technical experts and Bio-Medical engineers of the department as per tendered specifications. Only after certification will the Partner be allowed to start functioning of the units. If there is any alteration or malingering reported by certifying authority nominated by the DoHFW in installation as per norms of the agreement Award of Contract will be terminated as per bad industry practice machine may be confiscated by the authority.
- f) The Private Service Provider is responsible for entire operation and management of these facilities with their own resources including deployment of Medical, Technical and other personnel. The Private Service Provider needs to comply with the relevant Clinical Acts, Laws and other applicable norms. It may also be mentioned here that the *Private Service Provider are required to deploy technical persons who have completed the relevant diploma courses conducted by State Medical Faculty of West Bengal or from institutions affiliated under State Medical Faculty of West Bengal or similar such standards as are acceptable to the signatory to the agreement on behalf of the DoHFW.*

- g) The selection of Private Service Provider for CT Scan services for each of the hospitals in EOM mode will be undertaken by a selection committee formed by the DoHFW (herein represented by CMOH/ MSVP) based on competitive bidding as described in this document.
- h) The prospective bidders participating in the tender process will have right to visit the hospital site where the proposed Dialysis unit will be set up at a suitable date and time arranged with the respective Hospital Authority.
- i) The Private Service Provider will carry out all the required CT Scan based on Government rates fixed by State level technical experts and approved by the DoHFW and incorporated in the agreement. The rates fixed for patients of the Government Hospital are much lower than the market rates. The service will be totally free to the patients referred from government hospitals and the partners will raise bills with all relevant documents to the hospital authority on monthly basis for payment.
- j) As part of the obligation of the agreement, the selected EOM partner will have to pay concession fee to the Rogi Kalyan Samiti (RKS) of the concerned hospital in each quarter. The concession fee will be **20% of the gross revenue including revenue generated from private cases in each quarter or a fixed amount quoted as Concession fees in each quarter whichever is higher.**
- k) **The competent authority of the Hospital on behalf of RKS shall monitor the operational activities of the services. In addition, a state level monitoring committee has also been formed for performance tracking.** Appropriate and approved software packages will be installed by the Private Service Provider to disseminate relevant information through on daily basis. The software so mentioned has been approved by the DoHFW and all kinds of transactions have to be done by the Private Service Provider using that software only so that web based monitoring at any point of time can be done by the concerned authorities of the DoHFW at the state level and at the hospital level
- l) The DoHFW (**herein represented by the Hospital Authority**) shall extend free services as described under Section 5b to all Government Hospital referred patients. The private Partners will raise bills against all patients referred from Government facilities on monthly basis to the Hospital Authority within 10th working day of the subsequent month for necessary payment after verification of the bills by the account section of the hospital.
- m) An Organization may apply as EOM partner under PPP in one or more of the hospitals where CT Scan services are proposed if they meet the eligibility criteria. A single PPP partner can bid for multiple CT scan units in different hospitals also. However For each individual unit bid for separate EMD and Security deposit has to be paid as mentioned in the tender documents.
- n) The Private Service Provider may conduct investigations for patients referred by private practitioners/private hospitals. However they have to render service to the patients at the same rate as approved for Government cases. Also, patients referred by the concerned government hospital will get priority for use of the services. The Government approved rate list has to be prominently displayed in the CT scan unit.
- o) The selected Private Service Provider, are required to keep a security deposit of Rs 10, 00,000/- Lakhs for 16 slice CT scan machine installed by them through way of Bank Guarantee in favour of the DoHFW with any scheduled/nationalized Bank acceptable to DoHFW.
- p) The Private Service Provider will be responsible for proper maintenance and upkeep of the equipment and accessories procured by them in accordance with provision of the agreement .The cost of CAMC (Comprehensive annual maintenance Contract) has to be borne by the private partner and has to be paid by the service provider on regular basis as per rate contracted with the equipment supplier during procurement of the equipment .The document related to the payment of CAMC has to be submitted to the hospital authority for necessary record.

3. Role and Responsibilities of DoHFW and its various wings

- a) The DoHFW shall provide ready-to-use space as per technical specification for operation and management of the 16 Slice CT Scan services to the selected Private Service Provider. Water supply will also be provided free of cost. However if there is implementation of provision of water tax as per Government rules, then Water meter have to be installed by the private service provider at their own cost and pay the water tax as per meter reading to concerned authority.
- b) The Private Service Provider will be required to install separate electric meter as described under Section '3 c' and pay consumption charges directly to the energy supplier as per prevailing rules of the energy supplier. Installation of electricity meter in its own name will be undertaken by the EOM partner as described under Section 3c. In case of installation of Sub-meter by the hospital authority under such circumstances where electric meter in own name may not be provided for time being the cost towards installation of such sub-meter shall be borne by the private partner. The Hospital Authority will raise bills as per reading in the sub-meter which has to be paid within due time by the private partner.
- c) Use of electricity will be allowed by the DoHFW (**herein represented by the Hospital Authority**) EOM partner will pay consumption charges directly to the energy supplier as per prevailing rules of the energy supplier. Necessary NOC from the competent authority of the concerned hospital will be provided to EOM partners for procurement of separate electric meter for which the applicable security deposit and installation charges within the operating rooms under PPP will be borne by the EOM partner. However, it is to be noted that the DoHFW shall arrange at its cost installation of the electrical connection and augmentation if required up to the door step of the operating rooms for the facilities undertaken under PPP.
- d) The DoHFW shall incorporate the Standard Operating Procedures (SOPs) for each of the services to be followed by the concerned EOM partner. 11. Duration of Service

The service provider will have to maintain an uptime of 90% with maximum 7 days of downtime at a stretch for CT Scan machine of the facility. In case they fails to do so the provider will have to pay a sum equivalent to a average cost of CT Scan multiplied by the total CT Scan done per day during a given month for a machine, for each day of shut down beyond 7 days. If shut down extends beyond 30 days due to Technical/Administrative reasons on part of service provider, the contract may be cancelled. The provider shall make alternative arrangements for provisions of CT Scan (including free transportation of patients) if machine are broken down for a period greater than 24 hours. The rates of CT Scan as per contracted value in agreement will not change in any case.

12. Selection process

A. SELECTION COMMITTEE

DoHFW (herein represented by the Hospital Authority) shall form a Selection Committee (SC), to undertake selection of the applicant for operation and management of the services under PPP:

❖ **Details of Eligibility Criteria, technical and financial criteria provided in Technical & Financial BID document.**

B. PROCESS OF SELECTION

Selection of the bidder will be finalized through **Combined Quality cum Revenue Based System (CQCCBS)** method. CQCCBS uses a competitive process among the prima facie qualified bidders, objectively taking into account the quality of a product (in this tender referred to the Technical parameters of the prospective bidders) and its cost of procurement (in this tender referred to the financial bid i.e. the concession fee/ premium to be offered by the prospective bidder). Evaluation of the offers would be carried out in two stages - first the technical, and then the financial. Evaluators of technical proposals shall not have access to the financial proposals until the technical evaluation is concluded. Financial proposals submitted by the bidders shall be opened only after completion of the technical evaluation, strictly in terms of the provisions contained in the Bid Document.

The total score of a bidder would be obtained by multiplying the Quality and Cost Scores of the bidder by the pre-defined weightage assigned, and adding them together. The weightage assigned for Technical Score and Financial Score would be 40 and 60 respectively. The bidder securing the highest total score would ordinarily be selected as H1 bidder.

The following steps will be followed during evaluation of the bids

An illustrative example is provided below:

Weighted technical score sheet (applicable for a technically qualified candidate whose total marks in Technical Evaluation is 40% and above as per technical criteria's score)

Bidder	Marks obtained on Technical Evaluation (T)	Technical Score (TS) [T/HT*100]	Weighted Technical Score @40%
Bidder 1	90	100	40
Bidder 2	65	72.2	28.9
Bidder 3	75	83.3	33.3

Evaluation of Financial Bid

Financial bids will be opened after the technical evaluation is concluded and uploaded on the e-tender portal. Financial quotes of the bidders would be converted to score by multiplying the highest financial quote with the quote of the bidder and divided by 100 as in case of calculation of Technical score. An illustration of conversion of marks into score has been given in the table below,

Bidder	Financial Quote/Concession fees/Premium (F) in Rs INR.	Financial Score [(FQ/HFQ)*100]	Weighted Financial Score @60%
Bidder 1	600000	92.3	55.38
Bidder 2	650000	100	60
Bidder 3	400000	61.5	36.9

HFQ= Highest Financial quote/Bid.

Selection of Bidder

The bid of a Bidder will be ranked in the Combined Quality cum Revenue Based System(CQCCBS) method based on the total score obtained by the bidder in the evaluation of Technical Criteria and as well as in the evaluation of Financial bid using the weights of 40% and 60% for the " Technical Criteria " and the " Financial bid " respectively.

A ready reckoner for Combined Quality cum Revenue Based System (CQCCBS) with weightage 40:60 is given in the table below,

The bidder obtaining Highest Combined Technical and Financial Score would be selected as the H1 bidder and awarded the contract.

Bidder	Weighted Technical Score @ 40%	Weighted Financial Score @ 60 %	Combined Technical and Financial Score	Remarks
Bidder 1	40	55.38	95.38	H1 bidder
Bidder 2	28.9	60	88.88	H-2 bidder
Bidder 3	33.3	36.9	70.22	H-3 bidder

The bidder obtaining Highest Combined Technical and Financial Score would be selected as the H1 bidder and awarded the contract.
